The Board of Education is committed to maintaining a safe and drug-free environment. The Board believes that school crime and violence are multifaceted problems that need to be addressed in a manner that utilizes all available resources in the community through a coordinated effort of school district personnel, law enforcement agencies, and families. The Board further believes that school administrators and local law enforcement officials must work together to provide for the safety and welfare of students while they are at school, a school-related event or are on their way to and from school. We are committed to addressing school crime, violence or threats. Therefore, we plan and implement strategies that promote school safety and minimize the likelihood of school crime and violence. However, we also know that students are our primary resource in hearing about safety concerns in our building and encourage students to speak with an adult immediately upon learning of such a concern. Please note our website link [Stay Safe Speak Up](#) can also be used to report suspicious behavior, violence, abuse, weapons, etc. In the case of a serious threat or emergency at GCCC, the One Call system will be used to communicate with parents and guardians.

Please know that I am the designated local liaison for homeless, foster care students, and Title IX concerns and can be reached at 937-372-6941 ext. 1306 or bmcknight@greeneccc.com.

We are glad to have you with us this year and we want to assure you that the Career Center staff will do their best to help your young adults experience academic growth leading to post-secondary success and rewarding careers.

Sincerely,

Brian McKnight
Director of Secondary Education
