## TALKING POINTS FOR YOU

- The COVID vaccine is now available. However, it remains in short supply not only in Ohio, but across the country. It will take a number of weeks to distribute all of the vaccine given the limited doses available.
- Until a substantial number of Ohioans can be vaccinated, proper prevention, like wearing masks and social distancing, will reduce your risk of being exposed to or spreading.
- An online tool will launch next week for Ohioans to see who is distributing vaccines in their counties and to what eligible group. Please visit: [coronavirus.ohio.gov](https://coronavirus.ohio.gov)
- Vaccination is a personal decision. Ohioans should be aware that, due to vaccine shortages, anyone who declines the vaccine at their first opportunity may not have another chance to receive it for some time.

## HOW YOU CAN HELP

- ✓ Set a good example, by wearing a mask, making virtual accommodations and maintaining social distance when meeting face-to-face with others.
- ✓ Post on social media to describe how you are working to keep staff and students safe (and what they can do to help you maintain a safe environment) using the suggested hashtags.
- ✓ Submit letters to the editor or local news outlets that support the “COVID-19 Key Messages;” wear a mask, wash hands often and social distance.
- ✓ Participate in local media/radio interviews to support “COVID-19 Key Messages,” and help showcase how you and your colleagues are supporting Ohio’s Responsible Restart.
