

PROJECT SEARCH

A TRANSITION TO WORK PROGRAM

Soin Project SEARCH is a National Award-Winning Program for students with disabilities who aim to achieve independence and training in a supportive, professional environment. Our student success rate over the 10 years of operations has been outstanding! Join us in embracing transitional growth with the goal of competitive employment.

The Greene Co Career Center Program is located at Soin Medical Center in Beavercreek, Oh. We have students currently attending from Greene and Montgomery Counties. For more specific info visit our webpage at: <http://www.greeneccc.com/ProjectSearch-SoinMedicalCenter.aspx>

PROJECT SEARCH

THE GREENE COUNTY CAREER CENTER - Project SEARCH

TRANSITION TO WORK PROGRAM

How Does Project SEARCH Work?

- Total immersion in the workplace for a full academic year
- Unique Employability Curriculum
- Learn relevant skills that are transferable to in-demand community employment
- Individualized skill building and employment planning
- Interagency collaboration for seamless transitions and best employment outcomes- state supports/connections for life long needs

Benefits to Participants

- Acquire competitive, transferable, and marketable skills.
- Participate in 3 internship rotations within the host business for employment readiness and career exploration.
- Gain increased independence, confidence, and self-esteem.
- Obtain individualized skills training, instruction, and feedback.
- Develop linkages to Vocational Rehabilitation and other adult service agencies.
- Multiple layers of individualized training, support and encouragement.

The Greene County Career Center, Soin Medical Center Project SEARCH Impact
