

## Schoology for Parents

Dear Parents/Guardians,

**How would you like the opportunity to track your student's tasks and assignments? Schoology will allow you to do that.** Greene County Career Center is now using Schoology, an integrated learning management solution that provides course management, mobile learning, and support for system-wide communication. Schoology enables our students, parents and teachers to engage with learning materials and their school community from the classroom and beyond. We look forward to using Schoology in our classrooms to enhance connectivity and communication across our School District. Here are some features that you will be able to utilize within the system.

- Recent Activity & GCCC Announcements
- Individual Course Information: Materials, Updates, Assignments & Grades
- Groups assigned to your student(s)
- Overview of Grades on Schoology Tests & Assignments
- Recent Assignment Grades & Upcoming Items

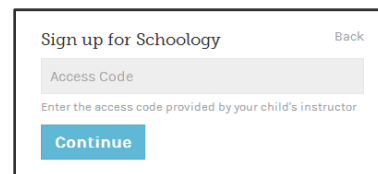

With Schoology, students can digitally submit homework assignments, review grades for online assignments, receive announcements, take tests, participate in discussions, and more. As a parent, you will be able to view your child's activity within the platform.
