Admissions Process

- Programs with more Direct Admit applicants than available seats as of January 7th will enter a lottery. Students will be randomly ranked, and the highest-ranked applicants will be offered seats based on program capacity. Remaining students will follow in order on the waitlist, if applicable.
- Direct Admit students not selected for the program in the lottery will be placed in their 2nd choice if there are available seats, while remaining on the waitlist for their first choice.
- Pending Students will be admitted once they have completed the Pending Plan, they are approved by GCCC, AND there are open spots in a program in the rolling admission timeline.
- If both 1st and 2nd choice are full, Direct Admit and approved Pending students can choose a 3rd program that has available openings.
- Direct Admit and approved Pending students can choose to be placed on a waitlist for their 1st choice program.
