

## Permission to Photograph for District Publications Details

### ➔ Refer to Emergency Medical Authorization Form Signature Line 11 ➔

During the school year, our school will hold events that the news media and the district may like to feature. A representative may be on campus to gather photographs and/or video footage highlighting an event or activity and feature the faces and accomplishments of Greene County Career Center students. We value your child's participation and ask for your permission to include them. This may include, but is not limited to, newspaper articles, television coverage, promotional videos, GCCC web sites, the GCCC Facebook page, and other promotional materials and/or social media sites.

You may update this option at any time by contacting our Public Information Office at 372-6941, extension 111.
